

How it Works!

All About Me

What you will need:

- USB
- Photos or print screen shot of:
hobby, hero, e.g. lego,
minecraft, castle, tree
- Imagination
- Knowledge of Photoshop
- Knowledge of Publisher

How to do it:

1. Plan your idea
2. Create your images
3. Decide on a background
4. In publisher begin with
background
5. Layer other images on top of
the background
6. Resize images until they fit
together
7. Print image in colour

Investigate the artist

This style of art was influenced by contemporary artist Erik Johansson from Sweden. He sees photography as ideas not moments.
